

FOR IMMEDIATE RELEASE

Hamilton Health Care System Will Welcome Tennova Healthcare - Cleveland to its Care System

DALTON, Ga. (April 18, 2024) – Hamilton Health Care System today announced it has entered into a purchase agreement with a subsidiary of Community Health Systems, Inc. (NYSE:CYH) to acquire [Tennova Healthcare-Cleveland](#) in Cleveland, Tennessee, and its related businesses, including physician clinic operations and outpatient services. The transaction, which is subject to customary regulatory approvals and other closing conditions, is anticipated to close the third quarter of 2024.

“As a not-for-profit and one of the few remaining independent health systems in the region, above all, we are committed to the well-being of our region and keeping care local to the communities we serve,” said Hamilton Health Care System CEO Jeff Myers. “Hamilton Medical Center and Tennova Healthcare - Cleveland share a proud history of serving the members of our respective communities - our friends, families, and neighbors - and we will invest in furthering that legacy to ensure long-term stability, the availability of advanced, comprehensive expert care, and a best-in-class patient experience.”

“Hamilton Health Care System has a demonstrated commitment to delivering quality care to the patients they serve across the communities they serve,” said Jarrett Millsaps, CEO of Tennova Healthcare – Cleveland. “Our tradition of delivering medical services close to home will be enhanced through this alignment and the dedication and skill of our medical staff and employees.”

With combined resource coordination between the two hospitals, the goal of the acquisition by Hamilton Health Care System is to further enhance care delivery and health care decision-making while empowering local care teams and advancing diagnosis and treatment capabilities. Hamilton Health Care System anticipates the hospitals’ complementary platforms will make the area more attractive for clinicians specializing in medical subspecialties, bringing additional services to the region and improving health care overall.

More information will be shared as the transaction nears completion.

Hamilton Health Care System

Hamilton Health Care System (HHCS) is a not-for-profit, fully integrated health system serving the northwest Georgia region. The Dalton-based flagship of the system, Hamilton Medical Center, is a 255-bed regional acute-care hospital offering major medical, surgical and diagnostic services, including a cancer institute, comprehensive cardiovascular program, wellness center, and accredited stroke and chest pain center. HHCS also includes affiliated physician practices, walk-in care centers, retirement and

skilled nursing centers, a diagnostic center, an institute for children with developmental delays, and more.

Known for its advanced care and personalized service, Hamilton Health Care System offers innovative treatment options in state-of-the-art facilities while maintaining a compassionate, friendly and tranquil healing environment.
